### **CELL-A-NET Inc. awarded New Authorized Reseller Distinction**

**CELL-A-NET Printer Services, an HP Elite Partner Office Printing Solutions, Elite Partner Graphics and SMB Elite partner,** is also now an Authorized Reseller for the HP NMSO Copier Program.

**Mississauga, Ontario – November 5, 2010** – Kevin Hiebert, President and General Manager of CELL-A-NET Printer Services, a leading Printer Services firm serving the corporate and SMB marketplace, announced today this important additional distinction for serving government clients.

“The additional authorization allows us to sell to the Federal Government and all NMSO eligible federal organizations off of the Hewlett Packard National Master Standing Offer for copiers. This complements our existing NMSO Authorization on the Printer, Scanners and Large Format Printer Lines” said Hiebert.

“With the additional copier authorization, CELL-A-NET can offer federal government clients a simple and cost effective cost per page solution for their multifunction and copier needs.”

**About CELL-A-NET Printer Services (a division of CELL-A-NET Inc.)**

A privately owned, Canadian company located in Mississauga, Ontario, CELL-A-NET Printer Services provides a complete range of services and solutions for HP and Lexmark printers, MFP's and HP DesignJet large format printers.

CELL-A-NET is proud to have earned ELITE designations from HP in the categories:

- Office Printing Solutions
- Graphics
- SMB
