NAMES IN THE NEWS

Lino Fera is proud to represent **Controllership Plus**, a company offering controllership expertise to small businesses on a contract basis. Services include human resources functions, administrative support, accounting and bookkeeping, plus business development advice, featuring financial institution presentations. **Controllership Plus** also offers expertise in international franchising.

Christine Mazurk is the President of **Ideal Reference**, a sales and marketing company specializing in providing Ontario's medical community with all necessary forms and equipment for medical offices, labs and dental offices. **Ideal Reference** also features dental management software that is fully compatible with Windows and business software that is useful for integrating programs and is able to add additional product lines.

Unik Designs Inc. is a desktop publishing company whose wide range of computerized services include packaging and logo design, brochures, annual reports, newspaper and magazine ads and other specialty designs. **Shailesh Gandhi** believes that her company has enjoyed steadily increasing sales and a strong 1994 due to attractive pricing and fast turnaround and is looking forward to an even more successful 1995.

Now enjoying its fifth year, **Cell-A-Net Inc.** is an authorized reseller of **Hewlett-Packard** printers and offers a total yet flexible solution for both black and full color laserjet and inkjet printer needs. **Peter Hiebert** of **Cell-A-Net** believes the company's success is due to their reputation for excellent delivery and response times, plus their on-site installation, maintenance and repair services. **Cell-A-Net** also offers a unique trade-in program.
