CELL-A-NET Inc. Adds an Industry Heavyweight

CELL-A-NET Printer Services, an HP Office Printing & Graphics Elite Partner, adds a new team member.

Mississauga, Ontario – November 6, 2008 – Kevin Hiebert, President and General Manager of CELL-A-NET Printer Services, a leading Printer Services firm serving the corporate and SMB marketplace, announced today that [David Graham](#) has joined his team as a Printing Solutions Specialist.

“I’m absolutely thrilled that David has joined us. David has tremendous industry experience, having served at Hewlett-Packard Canada for over 30 years. His wealth of knowledge about HP printing solutions is unrivalled in the industry”, says Hiebert. “Having called on David’s expertise on several occasions while he worked at HP, I have seen first hand how he excels at delivering value to the customer”

Company growth and increased customer demand for office printing solutions were key factors in the decision to bring David on board, according to Hiebert.

David Graham started at Hewlett-Packard in 1977, and has served the past 15 years in increasingly senior roles within Hewlett-Packard’s Imaging and Printing sales division. David is a CDIA+ certified professional and an AIIM BPM and ECM Practitioner.

“Working with the CELL-A-NET team is a wonderful opportunity for me to utilize my experience in a whole new way”, says David. “I am extremely excited about the dynamic environment of working in the Channel and being this close to the customer.”

About CELL-A-NET Printer Services (a division of CELL-A-NET Inc.)

A privately owned, Canadian company located in Mississauga, Ontario, CELL-A-NET Printer Services provides a complete range of services and solutions for HP and Lexmark printers, MFP’s and HP DesignJet large format printers.

As customers continue to migrate to a more proactive approach to managing their printing environment, programs like cost-per-page, fleet management and site assessments are being increasingly sought out. More information about CELL-A-NET Printer Services can be found at www.cellanet.ca.
